

Dawood University of Engineering & Technology Karachi
Research Project Completion Report

Call	Amount	S.NO	Name of Researcher	Title	Completed/ Not Completed
First Call	0.5 million	1	Dr. Asif Ali Shah	Synthesis and Characterization of π -Conjugated Doping Polymers	Not Completed
		2	Dr Shaukat Ali Mazari	Investigation of New Solvents for CO2 Capture: A Way Forward to Meet Needs of Coal-Fired Power Plants in Pakistan	Not Completed
		3	Dr. Zeeshan Ali	Physical Modeling and Controller Design for Advance Driver Assistance System (ADAS)	Completed
Second Call	0.5 million	4	Dr. Abdul Waheed Bhutto	Study to Evaluate Performance of Selected Chemicals for the Hydrolysis of Selected Lignocellulosic Materials	Completed
		5	Dr. Inaamullah Maitlo	Enhancement of Osteointegration of Ti-64 through Deposition of Ca-P	Not Completed
Third Call	0.5 million	6	Engr. Abdul Sattar Jatoi	Removal of sulfur from coal using native microorganism	Not Completed
		7	Engr. Nusrat Kiran	Desulfurization and Denitrogenation of Fuel Oils using Eutectic Solvents	Not Completed
Forth Call	1.0 million	8	Dr. Ghulamullah Maitlo	Thermochemical conversion of biomass for syngas production	Not Completed
		9	Dr. Saleem Ahmed	Bridging the gap between Artificial Intelligence and Physical Layer Security	Not Completed
		10	Dr. Zahid Hussain Hulo	Autonomous Vehicle Navigation using ROS	Not Completed
		11	Dr. Yasira Naeem Pasha	Design Proposal for Rehabilitation KDA Family Park Gulshan-E-Iqbal Block-17 Karachi Pakistan	Not Completed
		12	Dr. Muhammad Rauf	Design modification of underwater RF communication system for monitoring offshore activities	Not Completed
		13	Engr. Siraj Ahmed	Nutrients removal and biomass production from industrial wastewater using microalgae	Not Completed
